Fire Retardant	Non FR	Non FR	Non FR	BS7837

Top Notch 9 (Elite)

This 100% **Solution Dyed Polyester Fabric** features a fluorocarbon finish. **Top Notch 9** is breathable, reversible and water repellent which provides a luxury feel. Its exceptional colourfastness maintains the ultimate combination of strength, dimensional stability, and resistance to abrasion and UV.
Uses: Dinghy covers, Biminis, Enclosures, Sail coats, Tonneau covers.

Top Notch*

100% **Solution Dyed Polyester Fabric** features a fluorocarbon finish, this is a heavy weight version of **Top Notch 9**. It is breathable, reversible and water repellent which provides a luxury feel and its exceptional colourfastness maintains the ultimate combination of strength, dimensional stability, and resistance to abrasion and UV.
Uses: Dinghy covers, Biminis, Enclosures, Sail coats, Rib covers.

Top Notch 1S

100% **Solution Dyed Polyester Fabric** with a clear back coating. It has excellent strength, durability, dimensional stability, and resistance to abrasion, water, UV, and mildew. This fabric is non reversible.
Uses: Lightweight equipment covers and Canopies

Top Notch FR*

This is a fire-retardant version of **Top Notch** and meets British Standard 7837 flame-retardant specifications. This fabric is non reversible and is resistant to water, UV, and tensile tear.
Uses: Awnings, Gazebos, Canopies, and Structural covers.

Marlen Textiles manufacture **Coated**, laminated, and **Solution Dyed Polyester Fabrics** for use in a wide range of applications. These **Polyester Fabrics** are strong and have a high resistance to water, mildew, weather, rot and abrasion.

Kayospruce and **Marlen Textiles** have been in partnership for over 20 years. Since 1983, they have been supplying technical fabrics to the marine market and the diversification of these fabrics have enabled them to penetrate other industries and applications. **Kayospruce** supply to cover makers throughout the UK and Europe which has led to **Marlen Solution Dyed** and **Coated Fabrics** being a popular choice.
